

🎄 End of year update 🎄

This year has been an exciting one for the ICA. First, we celebrated the resounding success of the 2019 International ICA Conference in Cancun, Mexico. This was the most successful event in the history of the ICA with over 600 delegates from 20 countries joining us to share success stories, exchange knowledge, and form friendships. Many thanks to the CPTED Mexico ICA Chapter and especially the President of CPTED Mexico, Mercedes Escudero Carmona, for all the hard work she and her team put into making this event a success!

This year we also continued to develop our 5-year strategic plan and an accompanying business plan that will introduce several exciting products and initiatives in the coming months. We have also launched a new ICA CPTED Course Accreditation Program (CAP) for CPTED course developers.

Our Board of Directors has also undergone some notable changes in 2019. First, we welcomed new Directors elected at the AGM in Cancun: René Berndt, John Goldsworthy, Dr Manjari Khanna Kapoor, and Nataly Arévalo Garcia. Several of our existing board members have remained on the board: Dr Macarena Rau, Tinus Kruger, Barry Davidson, Elisabeth Miller, Mateja Mihinjac, Bo Grönlund, Carlos Gutiérrez Vera, Dr Tarah Hodgkinson, Fleur Knight, Herb Sutton, Dr Tim Pascoe, Paul van Soomeren, Laurie Gabites, Dr Randy Atlas, and Mercedes Escudero. Finally, we said farewell to our outgoing directors: Tony Lake, Sue Ramsay, Ray Van Dusen, Josh Brown, and Nataly Arévalo Garcia. We are immensely grateful to everyone's contributions to the ICA!

On behalf of the International CPTED Association we are pleased to end 2019 on a high note and share with you our achievements. The ICA team will continue to work hard in 2020 to launch and deliver the products and services that you, our valuable members, have requested. We are grateful for your ongoing support of the ICA!

Sincerely,

ICA Executive Committee

Macarena Rau

Tinus Kruger

Elisabeth Miller

Mateja Mihinjac
